

The INTERCLUSTER Project

Project Duration:
36 months

Supporting a smarter
Adriatic - Ionian region

Promoting Interregional Logistic Clustering in Adrion Area

Interreg

Co-funded by
the European Union

IPA ADRION

INTERCLUSTER

What we do

The INTERCLUSTER Project brings together stakeholders from six countries (Albania, Bosnia and Herzegovina, Greece, Italy, Serbia, Slovenia) in the ADRION region, offering significant advantages that cannot be achieved through local or national efforts alone.

By creating a macro-regional logistics cluster to bring together public authorities, logistics companies, research institutions, and NGOs and working together across borders, the project aims to address common challenges in the logistics sector with a broader, more unified approach.

Our Main Outputs

- ❏ A Strategy for the development and modernization of the Logistic Sector in the Adrion area.
- ❏ An Action Plan for the development of the "Adrion macro-regional cluster in the logistic sector".
- ❏ An E-networking and business support platform.
- ❏ An Adrion macro-regional cluster in the logistic sector.
- ❏ Partners and associated partners participating in project transferring activities

Our Aim

We aim to develop and pilot test innovative solutions to enhance the Sustainability, Innovation & Internationalisation of Logistic Sector in Adrion Area, by establishing aSmart & Sustainable Macro-regional Cluster in this sector. This purpose of this cluster is to:

- 📦 promote the green and digital transition of the sector
- 📦 introduce innovation and policy instruments
- 📦 encourage the development of short supply chains
contributing in this way to Adrion Programme Specific Objectives

**Interregional
Logistic
Clustering**
